Moises Colon, Hanshi

Has trained in the Martial Arts since 1967. He has acquired Dan ranks in six separate systems and currently holds teaching certificates from four of these systems. Sensei Colon has devoted most of his life to the pursuit of Budo. (Budō is a compound of the root bu (武:ぶ), meaning war or martial; and $d\bar{o}$ (道:どう), meaning path or way.

Specifically, *do* is derived from the Buddhist <u>Sanskrit</u> *marga* (meaning "path"). [4] The term refers to the idea of formulating propositions, subjecting them to philosophical critique and then following a 'path' to realize them. [5] *Do* signifies a "way of life". *Do* in the Japanese context, is an experiential term, experiential in the sense that practice (the way of life) is the norm to verify the validity of the discipline cultivated through a given art form.

The modern budō has no external enemy, only the internal enemy, one's ego, that must be fought Hanshi Colon is an avid competitor and has won numerous titles in tournaments in all divisions. He has been a Florida Champion in Weapons, Kata and Kumite, as well as a two time Florida Police Olympic Gold Medalist in Kata and Kumite.
